

Gen. Butler will be 65 years old in November.

Only five deaths from cholera since the last report from Marseilles.

Hon. E. JOHN ELLIS, of Louisiana, says his State will give Cleveland from 25,000 to 40,000 majority.

Eighty-five thousand pounds of hemp of the crop of 1882 were sold in Bourbon County, a few days ago, for five cents a pound.

The official report of the vote for Appellate Judge will not be made before the first of September. It is thought that Holt's majority cannot be more than 200.

The prospects for Wisconsin going Democratic never looked more favorable. Seventy per cent. of the German Republicans have come out for Cleveland, and many of them are working openly for him.

The Democracy of Boyd County have declared for Captain Frank Powers as the candidate for Congress with no second choice. A telegram to the Enquirer states that Lawrence, Johnson, Martin and Carter counties are for him also.

Talbot's chances of election to Congress in the Tenth district are said to be unusually good. The Democracy is solid in his support and the Republican papers admit that it will require the full strength of the party in the district to entrench him.

The Democrats of Lewis County, in convention at Vanceburg, on Monday, instructed the delegates to the Calletta-burg convention to vote for F. H. Hull as the candidate for Congress, and for J. D. Kehoe as second choice. Messrs. Hull, Kehoe and Powers were present and addressed the convention.

The Kentucky delegates to the general convention of the Christian Church, at St. Louis, in October, are G. W. Yancey, Louisville; John Sidener, Frankfort; J. Jones, Carlisle; W. T. Fowle, Lancaster; J. S. Hendricks, Augusta; S. W. Crutcher, Danville; W. T. Cowden, Lexington; J. H. Beasley, Germantown.

There is a movement to improve the average condition of the English farmer by inducing him to turn from the production of grain to the raising of cattle. It is recognized that the quality of American wheat is such that English wheat can not compete with it, and that many farmers of Great Britain would profit by the change.

The murder of one of the best citizens of Fayette County is due to the inefficiency of the penitentiary management at Frankfort, and it is imperative that a full investigation should be made and the blame placed where it properly belongs. The public should know why these outbreaks are frequent and how it is possible for convicts to march out of Frankfort in a body armed with needles, guns and pistols. That a reform of prison management is needed cannot be doubted.

Among the numerous surprises which the progress of analytical science has sprung upon the modern cuisine are two of a very opposite, but equally interesting nature. One is that the oyster, notwithstanding his high sounding traditions and exclusive character, is after all little better than an impostor, being worth nutritively less than its own weight in milk. The other is that the cucumber, nearly always mistaken with a certain inward misgiving as to consequence, is a most digestible and wholesome food.

Three kinds of meat, all kinds of vegetables, plenty of bread and good coffee constitute the bill of fare at the camp of instruction at Louisville. The camp duties will be the same each day. In the forenoon there will be guard mounting and company drill. In the afternoon will occur the hot water drill and dress parades. At night there will be camp guard duty, with relief every two hours. Governor Knott will be present on Thursday and review the troops. On Sunday next Bishop T. U. Dudley, Chaplain of the Louisville Legion, will conduct religious exercises in the camp.

These reports made from the leading trade centers of the country indicate that there continues to be a general improvement in the state of trade and business. As to failures there has been a large falling off, and there are reasons for believing that high water mark has been reached. There has been a gain in sales in the dry goods market, and jobbers and wholesale dealers are much encouraged as to the fall trade. The demand for wool has been better than for a long time, and prices have been well maintained. The cotton crop is larger than was expected a month ago, and the average condition is much better. The business outlook is regarded as very encouraging.

## A BIG FIRE.

**Two Hundred Thousand Dollars Wasted in a Flood of Flames.**  
GREENVILLE, Tenn., Aug. 19.—Flames were discovered issuing from Beal's grocery store. Under a strong south wind the fire rapidly spread, and the entire square, two of wooden buildings on South Knoxville street, including the Coffey Hotel. Crossing Washington street to the west side of the square, every building was consumed for two hundred yards. From this point the flames communicated to the new County Court House of the County, reaching it in less than five minutes. From Coffey Hotel the flames also spread to the south side of the square, destroying half the buildings on that side. Altogether about one hundred and fifty of them built brick structures, with all their contents, were consumed. Over half of the business portion of Greenville is in ruins. Among the buildings burned were Raming's Opera House and Ragland & Herrin's large agriculture and hardware establishment. The total loss, including the \$40,000 Court House, footed up \$400,000, distributed among seventy-three sufferers.

The total insurance, as estimated at over \$300,000, a \$181,000 is already known. Several insurance offices were burned out with all their books. It is generally believed that the fire, of which the origin is unknown, was caused by a carelessness. The citizens are greatly dejected. Greenville has been peculiarly unfortunate, having had a previous great fire and sustained heavy loss through a destructive cyclone. The city has about 2,000 inhabitants, and is situated on the Missouri Pacific Railway, fifty-two miles from St. Louis, and the same distance from Dallas.

## SPECULATION.

**The Holders of Virginia Bonds Are Promptly Bitten Down.**  
RICHMOND, Va., Aug. 19.—Mr. E. W. Lybrook, in the Senate, offered a joint resolution, prepared by a lengthy preamble, to the effect that the holders of certain bonds of Virginia, estimated at from twelve to fifty-five million dollars, are speculators who came into possession of them at a nominal cost and have already received in interest much more than the bonds cost them, and have rejected all measures looking to an equitable settlement; therefore,

## Soldier's Recollections.

MILWAUKEE, Wis., Aug. 19.—The first day of the great festival of former soldiers that served in the German Army, was a great success in every respect. The object of the festival, in which most of the warrior societies from many States participate, is to form one society that will include all the minor ones, in order to keep alive and preserve the feelings of friendship and mutual regard formerly existing between them as soldiers. The festival was held at the Milwaukee Garden. Mayor Walker made the speech of welcome.

## The Heria Troubles.

NEW ORLEANS, Aug. 19.—The militia sent from here to New Orleans are in possession of the Court House. There has been perfect quiet in the town ever since they reached there, and the only trouble is the feeling of the soldiers that they will be reinstated as soon as the troops leave. Great excitement was created by a fire believed to be incendiary, at the French street, at the residence of Charles Walker, of the Chicago Kruger Verein. The festival was held at the Milwaukee Garden. Mayor Walker made the speech of welcome.

## The Brute at Work.

BALTIMORE, Aug. 19.—A prize fight took place in an East Baltimore saloon, between Geo. Gosage and John Lecky, amateur pugilists. The fight was a very close one, and the pugilist was done with bare knuckles and both men were badly punished. Thirteen fierce rounds were fought, when Gosage's second claimed a foul, which was allowed, and the stakes were given to Gosage. The fight occupied one hour and twenty minutes. Gosage broke two knuckles during the fight. The affair was managed with such secrecy that the police did not get word of it until it was over. It is stated by one of the incident that another fight between the same men will be arranged for the 16th of September.

ST. LOUIS, Aug. 19.—Sims McFarland, a mail rider from Drakeville to Tusahoma, Indian Territory, sent word that some few days ago, while riding about seven miles from Tusahoma, carrying the mail, he was attacked by a man who shot at him three times, compelled him to halt, and then robbed him, finally taking his life and horse.

"Yes, and such rare eloquence."  
"And such an able arraignment of the Democracy."

**Classifying Crime.**  
New York Sun.

"A drug clerk who puts up the wrong medicine by mistake and thereby poisons a man commits an offense against the law, doesn't he?"

"Certainly, the lawyer replied."

"Under what head would such a crime be classed?"

"Your mean where the druggist uses the wrong medicine in making the prescription?"

"Yes."

"Compounding a felony."

There are two hundred and fifty women practicing medicine in Russia, most of whom are graduates from the universities at Zurich, Berne and Paris. They are only allowed to treat the diseases of women and children. Even in country districts, where there is perhaps no male physician within fifty miles, apothecaries have been forbidden to put up a prescription for a woman.

J. B. Grinnell, for whom the town of Grinnell, Iowa, was named, says "In Grinnell, there are no saloons, and no one has been sent to jail, to the poor house or to the penitentiary for twenty-five years. We can stand a cyclone occasionally if you will keep whisky away."

**Our charming Countrywomen.**  
are winning an enviable distinction for their fine teeth. This, they in great measure owe to the beautifying and restorative influence of Soudzont, the most popular preparation for the teeth on this continent. It removes from the dental surface every impurity, checks decay and enables the teeth to masticate without contaminating the food, thus indirectly contributing to healthful nutrition. It effectually neutralizes any unpleasant odor of the breath.

No medicine has ever been known so effective in the cure of all those diseases arising from an impure condition of the blood as Scovill's Sarsaparilla, or Blood and Liver Syrup, the universal remedy for the cure of scrofula, white swellings, rheumatism, pimples, blotches, eruptions, venereal sores, and diseases, consumption, goitre, boils, cancers, and all kindred diseases. There is no better means of securing a beautiful complexion than by using Scovill's Sarsaparilla, or Blood & Liver Syrup, which cleanses the blood and gives permanent beauty to the skin.

**Academy of the Visitation.**  
Studies will be resumed on Monday morning, September 1st, at the Academy of the Visitation, Mayville, Ky. We have noticed with pleasure the flourishing condition of this elegant institution, and we hesitate not, to say that it ranks among the most thorough and best disciplined in our Republic. Among the many notably praise-worthy features in this institution, that of vigilance over those intrusted to the sisters' care ranks first, no pupil being allowed to leave the Academy during school hours without presenting a written request from parent or guardian. Day pupils, who on account of living at a distance are necessitated to bring their dinners, are not permitted to leave the Academy at noon, consequently their parents may be assured that their daughters are not exposed to the noon-day sun or the inclemencies of the weather. We also learned, that at no time during the day or night, are the pupils from under the watchful eyes of the good sisters. As to the course of instruction in every department, it could not be surpassed, and one very superior advantage is that only sickness or death necessitates a change of teachers. Each sister carries her class through the entire course, and graduating honors are conferred on those only who have thoroughly completed the prescribed course of studies. We hope the institution may continue to prosper and thus add an increased lustre to our social circle.

Miss Lido Perry will open a class in music on the 1st of September. Apply to her for terms. alldm
